SINGAPORE AWARD-WINNING CHILLI CRAB

8Crabs is an award-winning crab delivery and seafood delivery service serving Singaporeans island-wide. We started off as being the only premium seafood importer specialising in wild catch crabs, sea cucumber, prawns, grouper, and tilapia from Sri Lanka.

Today, we have our own processing premises in Sri Lanka. Being the only supplier of wild catch crabs, we are always able to promise you crabs that are better than the rest.

It's time for you to taste a real Chilli Crab. One that is made by chefs, who have a lifetime of experience dealing with crabs, not the kind made with tomato ketchup.

ABOUT OUR CRABS

Every crab is naturally unique. Our crabs are wild-caught, so shell shape, body proportions and claw sizes naturally vary from crab to crab. Crab sizes are graded by the whole crab's live weight, not the size of an individual claw or its body. Natural variation is unavoidable. If you'd like, you're welcome to select your live crab before we cook it — just let our team know when ordering.
